Residential Care Services

Dear Parent/Guardian:

We understand that the decision to place your child at a residential care facility is one of the most difficult decisions you will ever make. Our desire is to help you through the application process and to help you make the most beneficial choice for your child and your family.

Your first step is to complete and submit the application. Please use the enclosed check list as you complete the application to help insure that the required information is provided. The application and the additional information provided are important in helping us to make an accurate evaluation of your child's needs, your family needs and our ability to meet those needs.

The application process takes time. The sooner we receive the requested forms and information the sooner we can complete the process and work toward placement. We review the information we receive as quickly as possible and keep you informed of our progress and any missing data. We close the file and proceed with other applications if the requested information is not received in a timely manner.

We will be evaluating your family's needs and our program's ability to meet those needs throughout the intake process. We will notify you if we determine at any time that BCH is not an appropriate placement, and we will provide referral assistance to help you obtain appropriate services.

The next step, after we review the application and the additional information provided, is to schedule a pre-placement interview with you, your child, and our staff. This interview aids you in determining if you want to proceed with placement at BCH and assists us in determining if we are the appropriate facility to assist your family with the difficulties you are having.

Please contact us if you have any questions or concerns. We look forward to serving you.

Sincerely,

Residential Care Staff
